Improved Dry-Lites instructions

Welcome to the Arkel community!

We've changed the straps used to attach and hold the detachable Dry-Lites.

Indeed, the Dry-Lites are only sold as a pair, but it's now possible to separate them and only bring one bag with you on your adventures.

Here are the instructions to separate the two bags and installing just one;

First, note that the bag on the left is the one you will have to remove. It's only the right-hand bag that attaches in solo mode.

1. Release the two daisy loops by pressing upwards slightly, and remove the left-hand bag.

2. Pass the strap over your luggage rack and fasten the buckle to the daisy loop that suits you best. If necessary, adjust the strap.

3. Stretch the elastic and attach the bottom hook to your luggage rack to hold the bag in place.

That's all; now you can go for a ride!

If you have any questions or comments, please don't hesitate to contact us at info@arkel.ca.

Thank you for riding with ARKEL
